Pressure on Japanese Business World as Singer Company of U.S. Asks for "Made in Japan" Ban

WASHINGTON, D.C.—The potential threat to the Japanese sewing machine industry raised by the Singer patent case now before the U.S. Tariff Commission apparently has been sharply reduced.

Singer Sewing Machine Co. has confirmed that its patent-infrigement case against foreign competitors and impostors is limited to fully automatic zigzag stitching machines using multiple cams.

This description does not fit most of the Japanese machines now being sold on the U.S. market.

Persons close to the case calculated that it now is limited to no more than five per cent of Japan's total sewing machine exports to the United States, measured by last year's statistics. About 86 per cent of the so-called "zigzag type" machines exported by Japan to the United States last year apparently are not affected by Singer patent-piracy claims.

Even among the five per cent that is affected, the Japanese contend that their structures differ in important respects from the Singer patent.

However, a Singer victory in the case should have bigger long-term effects on the Japanese industry. Singer is asking the tariff Commission to recommend to President Eisenhower a ban on importation of machines illegally offer the Singer-patented feature. The fully automatic feature is gaining in popularity among American and Canadian women, and it may become increasingly difficult to sell machines which lack it.

Singer's patent attorney, Chester A. Williams started the narrowed definition of Singer's case under cross-examination. He said the patent did not cover sewing machines "having a single cam face contour, capable of only producing a single stitch pattern when it is placed in that machine, and which must be replaced by other individual cam face patterns, each of which can only produce a single stitch design when it is placed in the machine."

Delegates To Int'l Junior Red Cross Study Centre Due Here August

This summer the Canadian Junior Red Cross will host the first world-wide International Study Centre to be held under Junior Red Cross auspicies. This centre will be held at the University of Toronto, August 11-22, and will bring together 200 teen-age representatives from many parts of the world. To date over 32 nations have indicated they will send delegates.

Four Japanese senior high school students have been selected to attend this study centre meeting.

The purposes of the study Sakue Yamada of Nagano City, Miss Akiko Ando of Kawasaki City and Jun Nakajima of Yokohama. Accompanying them will be a Japan Red Cross society official, Mrs. Sachiko Hashimoto of Tokyo.

The purpose of the study centre are to provide a broader knowledge of the aims and programs of the Red Cross and Junior Red Cross, both nationally and internationally, to promote international understanding and friendship among the young people of the world and to give stimulation and inspiration to Junior Red Cross members through working, playing, thinking and living co-operatively with others.

The event will be a highlight of the year for the Canadian Red Cross Society as it will commemorate the 50th anniversary and to the world as this is the 100th anniversary of the borth of the Red Cross idea.

Suspend Japan Textile Import, Urge Quota Rule

MONTREAL.—Import of Japanese textiles should be suspended until a "realistic" system of quotas is established, Laz Peters, president of the Canadian Textile Manufacturers Association, told the Valleyfield Rotary Club.

Mr. Peters criticized the "ruinous inflation" of the Canadian market by Japanese textiles, and the declared intention of the Japanese to expand Canadian sales. He stressed the need for government intervention to protect the Canadian textile and clothing industries, which employ over 180,000 workers.

"We want and expect our government to negotiate with the Japanese government, to arrive at a suitable quota system that will permit trade with Japan and at the same time protect our industries from the inundation to which we have been or are being exposed." Mr. Peters declared.

"In order to expedite negotiations our government should immediately ask for a complete suspension of imports of Japanese textiles and clothing. This suspension would be enforced until a realistic system of quotas is established by the Japanese to replace the so-called voluntary quotas system they now operate," he said.

Mr. Peters said there was a precedent for this apparently drastic suggestion in the action of the Japanese in recently halting shipment of stainless steel tableware to Canada.

Mission Fails As Bees Attack Trip to Holdouts

LUBANG, Phillipines. — A swarm of bees attacked a Japanese mission dispatched to this jungle island to track down two World War II Japanese holdouts.

The attack sent three severely stung men to hospital and forced suspension of the operation.

The Japanese government's task force was pushing toward its first objective when the bees struck and forced them to retreat.

The head of the mission Ministry of Welfare official Yuso Miura, was taken to a village clinic in serious condition from the stings. Two Japanese newspapermen were hospitalized, too. A Philippine reporter was also treated for stings but was released.

The Japanese arrived on the island, 30 miles out in Manila Bay, on a mission to contact Lt. Hiro Onoda and Sgt. Kinchichi Kotsuka and try to coax them out of hiding.

Onoda and Kotsuka were the last of an original force of 40 Japanese dispatched to Lubang in the closing days of World War II.

Kin George Elected

VANCOUVER. — Kin George "Genny" Ohashi of the Kinsmen Club of Point Grey has been elected the 1959-60 Registrar at the annual election meeting held on April 30 at Leon's Cabaret.

Kin George joined the club in 1957 at Kelowna and has been with Point Grey for the past year. Mr. Ohashi is accountant with Central Mortgage and Housing Corporation at Vancouver Branch Office.

Japan Shipping Firms Contemplating Use of Seaway

TOKYO.—At least four Japanese shipping firms are studying the possibility of using the new St. Lawrence Seaway to extend their present New York services to ports along the Great Lakes system.

The firms are the Nippon Yusen Kaisha, Iino Kaiun, Mitsui Steamship Co., and the Daido Steamship Lines.

Officials of the four companies said it was possible that five other firms—Osaka Shosen Kaisha, Kawasaki, Mitsubishi, Shin Nihon and the Yamashita Lines—were also investigating the feasibility of using the Seaway.

A spokesman for the Iino Kaiun firm said the 11,880-ton Takeshima Maru would be sailing into Quebec and Montreal—an extension of the firm's once-a month sailing to New York. "We may in the future extend the service to Chicago, Detroit, Cleveland, Buffalo, Toledo and Toronto by using the St. Lawrence Seaway," he added. "But we have not yet decided when to start this new service."

A-Bomb Movie at Cannes Films Festival Shown On Russia's Withdrawal Classed Non-Competative

CANNES, France.—A French-Japanese film which dwells on the U.S. atom bombing of Hiroshima was admitted to the Cannes International Film Festival program when Russia made room for it by withdrawing one of its entries.

The consensus, however, is that the switch came more as a coincidence than a political maneuver.

The Soviets had been wanting to withdraw their film, "Other People's Children," which they brought here only at the urging of French film officials who saw it in Moscow, long before the Japanese issue came up.

An official [illegible] announced the Cannes film jury had broken its deadlock and decided to let the controversial movie, "Hiroshima, My Love," be shown as a non-competitive entry.

The movie's passionate love scenes between a French woman and a Japanese were said to be as frank as its portrayal of the horrors of war. On both counts, strong opposition was reported in some quarters against its entry in the festival.

The association of French critics is ardently sponsoring the film.

The movie is a bitter indictment of war in general. The question of atom bombing comes up when the scene shifts to Japan.

The film centres on a love affair between a Japanese and a French actress who meet when she is on tour in his country.

World Of Finances

By M. SITARR

Do you realize that in 1939 the cost of living index was 59.4, and in 1953 it was up to 114.2? This means that the $1,000 buying power in 1939 has been reduced to a mere $520 in 1953. Tradionally, the Issei and Nisei have followed the old maxium of saving money in the bank for a rainy day. This thinking means all hard-earned money in the savings account will only have a fraction of its buying power fifteen years from now—bonds, I would say, are the same way. At the maturation date only the face value is paid off and the purchasing power of the dollar may be only half. Stocks tend to adjust with the cost of living index; when the living index goes up, the price of the stock does also. However, there is a risk involved with stocks; the stocks bought may go up or it may go down. A purchaser must have a strong background in economics and business trend as well as information when to buy and sell not to mention what stocks to choose. Most of us don't have this information, skill, or even the time to follow stock markets. To invest in blue chip stock, that is, of very stable corporations, is fine except for one thing, they cost money. Such stocks like the American Telephone and Telegraph Company cost over $100 a share and for the average working man it would take a long time to accumulate a decent number of shares. To purchase unknown penny shares in oil costs very little, so unless hundreds or thousands of these shares are bought along with waiting for them to go up you wouldn't make a thing.

The trouble is most people lose all their investments in such wild speculative stock. The more the risk taken, the more you may likely gain. However, for a person who can't afford to lose even a few dollars this is entirely unsatisfactory and unwise. If you reduce the risk by purchasing blue chip stock it will mean a lengthy period of waiting before you accumulate enough shares to amount to anything.

What's left for the investor? The answer seems to be Mutual Funds. What is Mutual Funds? This is an investment corporation which issues shares for purchase by anyone. Some investment corporations are open ended, some closed ended. The closed ended companies issue a definite number of shares closing the sales when they are all sold. These shares cannot be bought except on the open market until a purchaser is ready to sell. But then, you cannot buy these shares unless someone is ready to sell. The open ended investment companies are called mutual ended. They issue shares continuously and will buy back any share whenever there is a desire to sell on any business day at the price which is determined by the net asset of the company involved. Their shares are sold in modest amounts and can be bought for as low as $150 enabling one to buy

「昨夜は失禮」
昂奮の去つている酒井はまぶしそうに眼をまたたかせながら會釋した。
じゆん子が目禮で應えただけですれちがいかけると
「あなたの今日のスケジュールはどうなんです」
それにも答えないじゆん子に追いすがつて、
「今日一日僕のためにあけてくれませんか、今大阪へ電話かけたところが、社長が一時の飛行機で伊丹へ着くそうです、なんだつたらあなたを案內して會わせましょう」
父寺島洋三が西下して來ると聞くと、じゆん子の眼は異様に光つた。
「結構ですわ」
何の計畫もなく單獨で父に會うことは、ただ親子の名乘りを擧げる以外に意味がなかつた。復しゆうの目的を果すためには、もつと効果的な面會でなければならない。
「あたくし東京へ歸りますから」
「ね？　ほんとですか、何時の汽車で……」
酒井は狼狽した。
「あなたに關係のないことですわ、あなたは燒けた大阪の工場の方に御用がおありなんでしょう」
そう云う間も、酒井に追いすがられながら、廊下を歩いていたのだが、ちようど度その時自分の部屋の前まで來たので、じゆん子はドアの外側へ酒井を置き去りにした。

「つばめ」で歸京した夏目が品川の下宿へ歸り着いたのは灯ともし頃だつた。
下宿に待ちかまえている春枝のことを思うと、東京へ近づくにつれて、夏目の心は重苦しいものに充たされはじめていたのだが、結局歸るべきところへ歸り、何かの解決をつけなければならなかつた。
春枝はやはり部屋にいた階段の足音を聞いて膝を立てかけていたらしく、障子をあけたのが夏目なのを見ると、顏中に喜色をみなぎらせて立ち上つた。
夏目ははじめからものも云わず顏も見ないつもりだつた。
「お歸んなさい、早かつたわね」
まつすぐ机の前へ歩み寄ろうとする前へ立ちふさがつて、春枝は抱かれるのを待つように手をひろげた。
「どいてくれないか」
一度ペーゼを許した曖昧が、夏目の語調を氣力のないものとした。こんな筈ではなかつた。

富士五湖巡り(下)

嘉納とわ

本栖湖及び精進湖

霧は散り、愈々白く冴えてゆく富士を仰ぎつつやがて本栖湖畔に休憩いたしました。近頃に見た横山大観のえがいた、富士の大作を思いうかべて、其の氣品のある表現を幾度か思い起しこの眞實の富士の景観に結び付け今更に目守り續けるのでした。

湖すぎて深さ極まる富士おろしのわが魂を揺る清くきびしく

白々と磨かれし心抱くなる娘らのふるまひ素直に愛(かな)し

本栖湖は面積約五平方キロ位で虹鱒の養殖が盛んであります。次にバスを止めた精進湖は、五湖のうち一番小さく面積も一キロ平方に足らぬと申しますが、茲も虹鱒がよくとれるということであります。このあたりに静かに住む人々の生活を羨やむ心を支えつつ眺めるのでありました。

カヤ屋根のひさしは深し湖にむかひ愉しきさまに見らの遊べる

樹海に添ふ道のしばらくを鳩にひくく深山つつじの朱の明かるさよ

樹海(青木が原とも云ふ)

このあたり青木が原樹海の蔚蒼とした茂りが目の下に展いて居ります。これはヨー岩流の塊(かたまり)の上に自生した原始林で、千古斧鉞を入れたことのない所であります。

ヨー岩塊の奇観は、富士の風穴を見ると、噴火した跡の大地の生成が恐ろしいまでに迫って來ます。延長六十間餘りエス字型にのびた洞窟が自然に作られ、内部の側壁は年中、固く氷結して居るということです。懐中電燈をかざしながら見物する人も見かけました。

熔岩による色々の奇観は白糸の瀧の流れにも見られることで、處々、ヨー岩のすき間、すき間を潜流して雪消の水がわき出している風景が見られます。「鳴く澤のごと」などと昔の歌にもありますが、「鳴澤」という地名として殘って居るのを思うと、よくうなづかれます。

かわぐちこ

漸く夕の色が迫る頃、河口湖に近づきましたが、富士の湖影が湖水に映じて、湖をかこむ山々は紫にかげり茲こそは五湖随一の「倒さ富士」の眺めであろうと思われました。私たちは湖畔に今宵の宿を定めたのでありました。刻々に惜しい日は暮れてゆきます。空の色も雲のたたずまいも、富士の姿を中心に置いて、茲ならでは見られぬ景觀でありました。

夕映えをわづかにのこす雲をぬきて漆畫の如き黒き富士見ゆ

富士五湖をめぐる旅の一夜は靜かに明けて遊覧船による湖水の一めぐりも快よく終えて宿を立ちました。

富士登山する「吉田口」はかなたとききつけうはこの富士の靈峰に別れねばならぬ……と、なつかしく仰ぐのでありました。吉田口から富士頂上までは十九キロと云われています。この海拔三、七七六メートルの靈峰への登山の歴史はいつ頃から記錄されているのでありませう。推古天皇の秋九月(六世紀の終頃)聖徳太子が神馬を騎って登山せられた、との傳説にはじまり、大寶年間には役(えん)の行者が登山した記錄があり平安朝となりましては、追々と一般的となり鎌倉時代、江戸時代と時代が進むと富士講などと宗教的なものとなって登山は大に盛んになったようであります。富士行者は「六根清淨」を唱えて登山し百回登山の記錄を持つものもあったということです。登山口は、吉田口の外に、大宮口、須走口、御殿場口等があります。吉田口では七月二十六日に「お山じまいの火祭」という行事が行われ近郷近在から人々が集りなかなかの賑わいであると申します

私たちのバスは唐松林の續く快適な道を山中湖へ向って走るのでありました。

やまなかこ

山中湖は五湖のうち一番湖面も廣く、面積六キロ平方餘りと云われております所々に村々も見え、眞晝の日光の中に働く人も眺められました。

くり船をこぎつつ生きし古へ人富士のけむりを仰ぎつらむか

渚に引上げられしくり舟に遠き世を思ひ寂び寂び撫づる

私たちは愈々富士に別れを告げて、箱根を目差して車は走っておりますが、この靈峰にまつられている淺間神社の祭神が木花開耶姫の命(このはなさくやひめのみこと)であられることを思い、まことにふさわしいことと、心深くうなづき頻りに喜びがわいてくるのでありました。(終)

ソ連首相 原水爆實驗終止に同意

＝對獨一括提案には應じ得ないと一蹴＝

【モスクワ發】クルシチエフ首相はアイゼンハワー大統領およびマクミラン首相に對し『上空における原水爆彈爆發を探知する技術的討議に同意、もしこれが成功すれば原水爆テストの全的終止をもたらすものである』との書簡を送つたと先週末タス通信がその内容を明らかにした。

【ジュネーバ發】クルシチエフ首相が穩便な言辭を用いて英米首腦に送つた書簡についてジュネーバの英米專門家は『ソ連首相は眞實的かと問われれば、あまりそうでない』という他ないとしている。英米專門家はこの技術的會議が開かれるまでに、もつと上空爆發を完全に探知する技術面においての研究が必要である、としており、うかつにソ連首相の申入れに乘ることを警戒している。

【モスクワ發】ジュネーバにおける四國外相會議で西部國は先週末一括提案を行いドイツ問題解決に乘り出したが、クルシチエフ首相はこれを一蹴、ある條項は全くソ連として承諾しがたいと語つたが、その條項は指摘されていない。西部國の一括提案というのは東西ドイツを自由選擧で統一すること並びに四段階による歐洲の安全保障を同時に行うということである。

漁船團が反對

【東京發】先週末、東京灣北方六十哩の地點に爆擊目標地をたてることに抗議して約五百隻の日本漁船が二隻の米軍艦をとりまいて頑張つた。そのため爆擊演習地擴大の計畫は一時中止されることになつた。

ソ連に回答手交

對日中立呼びかけに對して

【東京時事通信】山田外務次官は先週、フエドレンコ駐日ソ連大使を招き、さらにソ連政府から寄せられた對日中立呼びかけの覺書に對する日本政府の回答を手交した。口上書の要旨次の通り

一、一國の國防問題は、その國が自主的に決定すべきものであつて、他國の介入が許さるべきものではない

一、世界の平和と安全のため國際間の合意により軍縮全般に關連しすみやかに核兵器の全面的禁止が實現せられることを衷心より念願し、國際連合等を通じてこれに關するあらゆる努力を續けてきた今、ソ連政府が自國の強大なる核武裝を維持しつつ、非核武裝地帶を設置すべしとの提案を行つていることは、この大國の責任を他に轉嫁する態度といわざるを得ない

一、日米安全保障條約は、日本國がその有する固有の自衛權に基き自らの安全を守ろうとする自守的かつ純粹に防衛的性格のものであり、他國よりの侵略のない限り、第三國に對して發動され得ず、從つていかなる意味においても他國に脅威を與える如きものではあり得ない

一、ソビエト連邦の勸奬する中立の諸方策は日本が自らの安全保障のため選んだ基本的立場と背馳するものであり、日本國の受入れ難いところである。

ダレス氏衰弱 容態氣遣わる

【ワシントン發】前米國務長官ジョン・フォスター・ダレス氏はガンと急性肺炎のため先週末より衰弱を示し容態が氣遣われており、夫人はじめ近親者が病院に集つているが、ダレス氏の容態は依然快方に向わず、しだい弱りではないかと憂慮されている。

面目一新の晩市

建物ブロックは『土一升、金一升』

戰前のバンクーバー市しか記憶にない日系人にとつて最近の晩市の變りようは非常なものがあるとのことである。

△戰後、晩市はあらゆる方角に進展、市内の建物ロットは、まるで『土一升金一升』というほど高價であり、バナビー、ポート・ムディ、ポート・コキトラムなど昔の雜木林は立消えてモダンホームが並んでいる變り方

北晩の青い茂みの山麓は新住宅のサブデビジョンに區切られ、もはや三車交通のライオンズ・ゲート橋は全く交通をさばけぬほどになつている

△肥沃な農地であつたルル島もブルドザーがうなりをたてて住宅地となり、やがて新西院が晩市の郊外都市となりつつある。北晩のうねり曲つたハイウエーはホーシュウ・ベーからブリタニア・ビーチ、スコミッシまで延長された。そして六万エーカーの天然公園ガリバルデを大開發する計畫がたてられている。

△晩市内には次々とモダン建物がたちイングリッシ・ベー地方は古い住宅が片端からこわされてアパートブロックに變りつつあり、夕陽をヴエランダから樂んだ日はもうとつくに過ぎ去つてしまつた。

核兵器を持ち込むな！

【廣島時事通信】參院選擧應援のため廣島市についた鈴木社會黨委員長は記者會見で次の通り語つた。

一、政府はソ連政府の覺書に對する回答の中で、自衛隊は核武裝しないといつているが、これは自衛隊がしないということで、日本に駐留する外國の軍隊も核兵器を日本に持込まないのだというような印象を與えるが、これは國民をごまかすものだ。われわれは自衛隊が核武裝するかどうかうんぬんしているのではなく、要は日本領土内に核兵器を持込んではならないということを強調しているのだ。

一、自民黨は社會黨の中立論を非現實的だと非難してきたが、今度の東西外相會議をみると、その中心議題はベルリンの中立問題だ。世界の情勢は常に轉換を續けているが、こういう點からみても自民黨の國際情勢を見極める能力はないといつてよい。

ご婚約ととのう

一票以下で落選とは

横須賀市の選擧異聞

【横須賀發】これはこのほど行われた地方選擧結果異聞——・横須賀市會議員に立候補した小林勇助さんは一票以下で落選した。小林さんの得票は一、七〇一票、當選者は中島丁八さんで、一、七〇一票八五五というややこしい數字。投票者は市會議員候補者姓名を記入して投票したのだが、中島が二人あつて、一人は丁八他の一人は竹雄、ところが中島という姓だけ投票したのがあつて、二人の中島さんがこれを等分した。小林さんはこのやり方に文句をつけたのではなく、小林とハツキリ書いた投票用紙を無効にされたのは不當で、それを入れると一四五票で當選したことになると選擧當局に抗議を申入れているというのである。

移民問題 二十五日夜に討議

『カナダの移民政策は人種差別に立脚しているか』という議題で來る二十五日午后八時から國際會館(ジャビス街四一五)で討議會が行われる。參加スピーカーはユネスコ全國委員會副委員長のヘレン・タッカー夫人、イタリー新聞編集者オウツロ・スコチー氏、國際會館主事のウエスト夫人らで一般の討議參加を歡迎、リフレシメントもある。

アルバータ選擧

【エドモントン發】アルバータ州總選擧は來る六月十八日に行うとマニング(社信黨)首相は先週發表した。アルバータ州は社會信用黨のかたい地盤でシーシーエフはじめ保守、自由各黨とも大進出ということは望まれず、またしても社信黨の壓勝に終るのではないかと州政界消息筋ではみている。しかし他方においては一名の社信議員もオタワに送り得ないアルバータ州の社信黨政府が來る選擧で果して樂勝を期待してよいのか、と反問するものもあるが、マニング首相の經濟發展五カ年計畫、老人ホーム建設案などは投票民の絕對支持をうけているので、反對黨の喰込みチャンスは極めて少いだろうとみられている。

保守黨の人氣 やや下り氣味

カナダ世論調査が先週發表したところによると、カナダの進歩保守黨の人氣は一年前より全國的に下降氣味であるとの統計を出している。質問は『いまオタワ連邦選擧があるとすればどの黨候補に投票しますか』というのに對し、カナダ全國的で進歩保守黨に投票する者五〇パーセント、一年前は五四パーセントだつた。自由黨は三六パーセントで少し人氣を盛り返し、シーシーエフは一年前の九パーセントが一〇パーセントにふえて來ている。

Hatashita Dojos Still on the Offensive As Clubs Sweep to Complete Victory in Ottawa Tourney

By LIZ PEARCE

The Second Annual Ottawa Judo Tournament sponsored in conjunction with the Ontario Black Belt Association, Central Ottawa YMCA and the West Ottawa YMCA Judo clubs was held at Fisher Park High School Saturday, May 16, 1959.

Dojos competing in the annual tournament were: Central YMCA; Seidokwan and Lalonde Academy of Judo from Montreal; Ottawa University; Shobukan, West Ottawa YMCA, Central YMCA, Jewish Community Centre from Ottawa; Hatashita Toronto, Bellville Hatashita, Niagara Hatashita, Willowdale Hatashita and Port Credit Hatashita.

Competition was open to all colored belt teams and all black belts. The program got under way at 7:30 p.m. with the playing of God Save The Queen and master of ceremonies Mr. Frank Hatashita, yodan, of Toronto, giving the necessary instructions to all judokas. Also, to the surprise and delight of everyone present Mr. Hatashita on behalf of president Umetsu of the Canadian Kodokan Black Belt Association presented Dr. Harold Bromnell with his black belt and Rick Richardson, chief instructor, the rank of nidan.

Thirteen dojos, ten from Ontario and three from Quebec competed for the team championship. The semi-finals of the team competition brought together the Hatashita home club and the Bellville Hatashita club; Willowdale Hatashita and the Port Credit Hatashita. The finals were fought between the home club and Port Credit. In the first bout Frank Clear, 1st kyu, of Hatashita downed Jack Miller, 1st kyu, of Port Credit with otsuri-goshi with three seconds remaining. Bob Haynes, 1st kyu, of Hatashita countered Clyde Griffise, 1st kyu, of Port Credit for the ippon. Paul Schelk, 1st kyu, of Hatashita decisioned with osoto over Tommy Kamello, 1st kyu, of Port Credit. Bob Fraser 1st kyu, of Port Credit was downed by Jim Martin, 1st kyu, of Hatashita on the third attempt of seoni-nage. Maurice Coleman, 1st kyu, of Hatashita fought to tie with Bern Lett, 1st kyu, of Port Credit, making the final score 40-0 in favor of the Hatashita home judo club.

In the Black Belt competitions participants from shodan to sandan presented an interesting display of judo for the spectators. The black belt competition is always looked upon as the highlight of all tournaments.

In the quarter finals, John Oliver, nidan, of Hatashita fought the full four minutes with a minutes' extension to gain the favor over Bromnell, shodan, of Ottawa. Hank Janssen, Eastern Canada CKBBA black belt champion, of Hatashita, downed R. Richardson of Ottawa. R. Rothwell, sodan, of Ottawa received the bye.

In the semi-finals, Janssen, after the fourth attempt successfully applied hane-goshi against Rothwell to receive the ippon. John Oliver received the bye in this round. In the finals Oliver and Janssen met and after many attempts of different wazas by both opponents Janssen won the match by a wazari with an ashi-harai using the full time limit. Other black belt entries included: Chuck Worgen, shodan, Ben Kahn, nidan, of Hatashita; Marcel Guibel, shodan, of Ottawa.

Refereeing chores were handled by Frank Hatashita, Hank Janssen, John Oliver and Mits Tanino, nidan, of Toronto; Fred Okimura, sandan, and Harold Tokai, sandan, of Montreal; Rick Richardson of Ottawa.

Larry Hodget sandan, and Elaine McCrossen, 1st kyu, of Hatashita presented an excellent demonstration of nage-no-kata.

This was the first judo tournament arranged and sponsored by three home town hakujin yudansha (Richardson, Rothwell and Bromnell). These three judokas although burdened with the responsibility of the tournament managed to give an outstanding display of fighting. They were all in the quarter-finals with Rothwell going to the semi-finals.

Pickerel Fishing Hints For Ontario Residents

With the opening of the pickerel or walleye season in many parts of Ontario May 15, anglers' prospects will vary with the areas fished. In the extreme south, around Pelee Island, the pickerel fishing this year may not be so good as usual and excellent fishing in this area may not be expected for at least three more years, according to biologists of the Ontario Department of Lands and Forests. On the other hand, Lake Nipissing, regarded as probably one of the best walleye lakes in Ontario, should produce normally—which means that just about every fisherman should take his limit.

Fishing was admittedly poor last year in the Pelee area, and even the commercial fishermen made small catches in comparison with the period from 1952 to 1956. It is believed that the principal reason for this was the strong year classes of yellow pickerel (1949 and 1954) that have passed through the fisheries. Presumably yellow pickerel had a successful spawning in 1949 which produced large numbers of fish. These entered the fisheries in 1952-53 as three and four-year-old fish. The commercial fishermen and anglers harvested many of these fish during the following four years until they were seven and eight years of age at which time the population was reduced in size.

During the past fifty years, yellow pickerel population have fluctuated more or less on a five to seven year basis. It appears that the fishery is not one which remains constant from year to year. In fact, biologists say, there is some evidence that one strong year class dominates the fishery and during this period no new classes may be established.

Pelee Island area is still regarded as a good place to go fishing even though excellent walleye fishing may not be available for at least three more years. However, with the excellent population of smallmouth bass there, angling is expected to go on as usual, with every reason to believe that the yellow pickerel will be abundant, even more abundant than they were in 1956.

Advance Notices on TJCCA Picnic Slated July 5th

The Toronto Chapter of the JCCA has planned its annual community picnic to be held on the first Sunday in July, the 5th, at Jim Rick's Park located 5½ miles north of Markham (same locale as last year). This annual outing drew a capacity crowd of over 4,000 Japanese Canadians last year with kiddies games, bingo, odoris, sports games, swimming, fishing and various other activities to entertain picnicers. The program this year will be relatively the same except for a kite flying contest and dancing for the young at heart. Further announcements on the added features will be announced at a later date. There will also be new and different novelty games for the adults.

The Toronto JCCA executive will accept any suggestions in the way of games or any program participants would like to take part in at the picnic. However, the TJCCA has the right to restrict any suggestion as the time factor may necessitate cancellation. Send your suggestion to: Toronto JCCA, 415 Spadina Ave., Toronto 2-B, Ontario.

Chinese Out for Change

VANCOUVER. — The Chinese Benevolent Association has received between 40 and 50 suggestions from Chinese across Canada to be written into its annual brief to the immigration department, president Foon Sien said last week.

The brief, which will seek relaxation of laws governing entry of Chinese into Canada, will be presented by a delegation early in June.

Association directors met last Sunday to name delegates to submit the brief to Immigration Minister Ellen Fairclough.

CRIMSON KIMONO

By LARRY TAJIRI

"I had signed Jimmy Shigeta for the leading role of the said. "Now I was looking for a girl Victoria Shaw, an actress Nisei cop in my film, 'The Crimson Kimono,'" Sam Fuller under contract to Columbia, was available. She had one big role, opposite Tyrone Power in 'The Eddie Duchin Story.' Then she had married, retired and had two children. Now she was ready to resume her movie career."

"'The Crimson Kimono' is a melodrama with a love story in which the Nisei policeman and his buddy are in love with the same girl," Fuller explained. "Though Shigeta is of Japanese ancestry and the girl is white, the interracial aspect is not stressed. I wanted it to be man-and-woman, not a 'Madame Butterfly' story. So one thing was important to me. The love scenes needed to be warm and natural. I didn't want an actress who would act differently because Shigeta happened to be of a different race."

"I called Miss Shaw and Shigeta to my office," Fuller said. "I handed them a script and asked them to play a love scene. They played it with tenderness, and I knew I had the right people for the story."

Before Fuller called on Victoria Shaw, who happens to have been born and raised in Australia, he had certain ideas about the girl in "The Crimson Kimono." Don't send me a blonde, or a sex symbol," he told Columbia officials. "I don't want a B-girl." The girl Fuller had written into his own script for the picture was a "sweet ad gentle girl, with beauty, dignity and education, a high-sensitive person." Miss Shaw meets all the qualifications.

"The Crimson Kimono," which will be released soon by Columbia, starts with a helicopter swooping down on Los Angeles' Main Street section. There is a commotion at Third and Main, and crowds are gathered around the body of a burlesque dancer. A murder has been committed, and two officers are assigned to the case. One is Shigeta and the other is his roommate, played by Glenn Corbett, another Fuller discovery.

Most of "The Crimson Kimono" was filmed on the streets and in the shops of the Little Tokyo section, and the climax of the drama is played out against the dancing figures of the annual Nisei Week celebration. The movie is one of more than ordinary interest to Japanese Americans.

Sam Fuller, a newspaperman turned movie writer and a GI become a film producer, was one of the first to sock home the message of Nisei participation in World War II in a motion picture. He did it by writing in a character named Tanaka into his film about the Korean war, "The Steel Helmet." In the 1952 film Tanaka is taunted by a Chinese Communist who mentions the mass evacuation of Japanese Americans during the war and wants to know why a Nisei would defend a nation which permitted such injustice. Tanaka's answer is that a democracy rectifies its own mistakes. "I called my friend Richard Loo to play Tanaka, and I got a waiter from my favorite Chinese restaurant to portray the Communist," Fuller said. "The fellow got moviestruck and I guess I helped ruin a good waiter."

In "House of Bamboo," which Fuller directed for 20th Century Fox in Japan, the American GI and the Japanese girl, played by Shirley Yamaguchi, are promised a happy ending to their love affair. The change was Fuller's. "I'm tired of these interracial love stories in which the twain shall never meet," he said. "In fact, if the public likes Shigeta and I make another picture with him, I want to cast him in the role of an ordinary American, in which his racial ancestry won't figure in the story at all." Fuller already has a story in mind.

Shigeta, of course, is the Hawaiian Nisei who came out of the islands as the winner of the territorial division of Ted Mack's Amateur Hour. Shigeta, a baritone, went to the national championships at Madison Square Garden and won the top award. The result was a night club tour but his agents failed to capitalize on the contest publicity and had Shigeta use the name "Guy Brion" instead. Shigeta's career wasn't going anywhere when he enlisted in the Marine Corps.

After his Marine hitch Shigeta wound up in Japan where he has become a top recording favorite. Fuller had heard of him and already had him lined up for "The Crimson Kimono" when Shigeta, Izumi Yukimura and a number of other Japanese entertainers were brought from Tokyo to Hollywood for NBC's Chevy Show.

There might also be a big role for Shigeta in another Sam Fuller project. This is a TV series to be filmed in Japan in color about two war buddies, one of them a Nisei, who return to the Far East in search of the Nisei's inheritance and gets involved in a series of adventures, enough for 39 half-hours.

as many shares as he wants later —usually for $25 or more. When you invest with these corporations an account is started for you and what is invested is recorded by how many shares you own allowing reinvestment of dividends. It is allowable to sell at any time with information published in newspapers on the indication on exactly what you can get for selling.

How does the mutual fund work? These large investment companies have stocks and bonds of many companies. So if one stock goes down it will more than likely be counter-balanced by another that goes up. These investment firms have stock market experts who constantly watch, and, to the best of their ability, buy and sell their holdings so they continue to grow thereby gaining finances.

Let us take an illustration from the United Accumulative Fund. Suppose in 1948 you had invested $500 initially then $100 per month for nine years with dividends reinvested and capital gains distribution accepted in shares. In January, 1948 you would have paid $500 and for the rest of the year $1,100 making a total of $1,600 invested. In nine years you would have invested $12,400 in cash receiving $4,955 in dividends which would give you a total of $17,682 in reinvested shares at the end of 1957. For this you would have shares worth $15,6682, distributed capital gains of $3,491 and purchase through reinvestment of income of $5,783, giving you a total net worth of $24,956 for a cash outlay of only $12,400. This doesn't take into consideration any income taxes which would have been paid on this income.

In other words, with mutual funds you can gradually accumulate assets without the usual risk involved in buying stocks on your own. At the same time you can at least keep up with the cost of living index. Mutual funds provides a way for the small investor to own a cross section in and share the profits of the great industries of Canada and the United States which he could never hope to do otherwise.

TIME...

By CANDIDA

Spring is to me a very transient phase in the revolving circle of seasons on earth.

It comes as the dawn, welcomed by lonely and barren arms which only too soon find that they are overwhelmed and deluged by the increasing Perspective grown from a simple seed of a sunbeam of a feathery grass.

Perhaps that is why the spring is so cherished and remembered —it is fleeting, it is the bird well on the wing, it is the potential and fertility of nature in full acceleration. For, humans tend to grasp in slumy strokes the tiny wave of time, urged on by the mightly and healthy challenge or perhaps that it will the next instant be no more.

* * *

I woke up one morning and found the new green life etched into the packed curves of earth, sketched into the treeline of a congregation of chants, and washed onto the scene last night, but for a reason unknown to me, had packed its palette and beret and had set out on the road to the north.

So summer was not long in sauntering into spring's stopping-places, and unenergetically trod northward along the path made by spring.

Get Ready For Outdoor Meals

With a long weekend holiday near the end of this month, outdoor eating in most sections of the country will begin again. Back porch suppers and picnics in the yard call for easy-fix foods.

Salads are ever so popular at these informal affairs. Here's one that will be doubly welcomed . . . Beans and Pork Slaw. It combines favourite canned beans and pork with tomato sauce and crunchy shredded cabbage. You'll be delighted with the flavour and crispness. Served in your prettiest salad bowl, this salad will be a star at many of your parties during the "outdoor eating" season.

A nice go-along is a platter of assorted cold cuts (stuffed with cheese cubes) and relishes . . . carrot and celery sticks, radish roses, olives, and sweet gherkins. Complete the menu with frozen peach pies and coffee.
